

ADVOCACY

Advocated on behalf of
846 individuals.

Provided counseling and
coaching to **309** individuals.

FCC's victim advocates help people plan for safety and connect to resources. Advocates respond to and follow-up with police-involved, high lethality cases and crisis hotline callers; provide court outreach and accompaniment for protective orders, hearings, helping to navigate complex systems.

PREVENTION

FCC provides a range of services and access points to help disrupt generational cycles of violence.

Early Intervention Program (EIP)

A flagship program for FCC, EIP offers a range of services for families experiencing early and recent incidents of intimate partner violence, designed to reduce and prevent continued exposure.

Enrolled **86** new clients. Served **113** individuals.

New Behaviors/Abuser Intervention Program (AIP)

FCC supports court-ordered and self-referred abusers through a 26-week group intervention program (AIP) that aims to interrupt patterns of abuse.

149 program participants.

served through
the hotline.

Received
36 CALLS
on average each
month to the
Lethality line.

PROVIDED

97 Individuals with
emergency
shelter. **22K+**
shelter bed nights.

38 Individuals with
transitional
housing. **25K+**
meals.

HOUSING

As predicted, 2021 has seen an increase in demand for emergency shelter, with the length of time for service and the complexity of needs also dramatically increasing. As we plan for this trend to continue, the impact of longer-term engagement will be constrained until acquisition and development of additional transitional housing resources.

COORDINATED ENTRY

In partnership with Dove and TurnAround, FCC provides immediate shelter for individuals found to be in the highest and most imminent danger. At the completion of the program's first year of operation, we have successfully collaborated to address a 63% increase in callers requesting shelter.

Served
**71 ADULTS &
89 CHILDREN.**

Provided Rapid
Re-Housing for
17 individuals in
9 families.

RAPID RE-HOUSING (RRH)

Launched in March 2021, RRH supports clients at FCC's shelter and those referred from local partners who may benefit from funding for entry into longer-term permanent housing.

AFTERCARE

FCC aims to enroll all adults leaving shelter for permanent housing in ongoing case management for a full year after their departure. This year, given the omnipresent pandemic-related stresses and challenges, we allowed for longer-term enrollment to ensure stability and continuity of support.

28 CLIENTS

served in the Aftercare program.

12 CLIENTS

completed the Aftercare program.

100+
Sessions of yoga, art
and play activities.
52
Children
participating.

CHILDREN'S PROGRAMS

FCC provides children and their parents in our housing programs with opportunities for trauma-informed, positive parent/child interactions, safe play space for children, and several additional services to boost mental health, provide social-emotional learning, and develop cooperative skills.
